SIERRA COUNTY

Juvenile Justice Coordinating Council (JJCC)

JJCPA-YOBG ANNUAL PLAN

Fiscal Year 2022-2023

This document is to serve as the updated Sierra County Juvenile Justice Coordinating Council (JJCC) JJCPA-YOBG plan for the fiscal year noted above in compliance with Government Code Section 30061(b)(4) and Welfare & Institution Code Section 1961(b) which set forth a consolidation of the annual plans required for Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG).

The following plan is to be reviewed and updated on an annual basis through the JJCC. All changes to the JJCPA component are to be reported to the California State Board of State & Community Corrections (BSCC). The combined plan describes all programs, placements, strategies, services, and system enhancements that will be supported with JJCPA and/or YOBG funds in the upcoming fiscal year. County plans are due to the BSCC JJCPA-YOBG@bscc.ca.gov by May 1 prior to the beginning of each new fiscal year and then posted on the BSCC's website as a public document. Plans do not need to be approved by the BSCC nor do subsequent annual plans need to be approved by the local county board of supervisors.

Legislative Background

The JJCPA was implemented via Assembly Bill (AB) 1913, The Schiff-Cardenas Crime Prevention Action of 2000, and codified by Government Code §30061. The purpose of AB 1913 is to provide California counties with funding to implement programs for at-risk youth with the goal of early intervention and to support the implementation of programs and approaches demonstrated to be effective in reducing youth crime.

The YOBG was enacted in 2007 by Senate Bill (SB) 81. The purpose of the YOBG is to realign the supervision of non-violent, non-sexual and non-serious justice-involved youth from the former State of California Division of Juvenile Justice (DJJ) to local governments. YOBG funding is to also provide local governments with funding support for the supervision of this population. The realignment of youth from state facilities to local supervision in their counties of residence allows their connection to community and family support systems to remain intact and undisturbed.

AB 1998 was enacted in September of 2016 to consolidate the JJCPA and YOBG submissions and streamline reporting requirements. AB 1998 dictates that the Juvenile Justice Combined Plan must be developed by the local Juvenile Justice Coordinating Council in each county with the membership described in WIC §749.22.

Current JJCC Membership

The Sierra County Multiagency Juvenile Justice Coordinating Council is currently composed of the following members (WIC 749.22):

- Charles Henson, Chief Probation Officer/Chairperson;
- Sandra Groven, District Attorney;
- J. Lon Cooper, Public Defender;
- Michael Fisher, Sheriff;
- Sharon Dryden, Supervisor District 5;
- Vickie Clark, Director Sierra County Public Health & Social Services
- Lea Salas, Administrative Director Behavioral Health;
- Derrick Koch, Community-based Drug and Alcohol program;
- N/A, City Police Department;
- James Berardi, Superintendent, Office of Education;
- Vacant*, At-large Representative of Community;
- Vacant*, Representative of Community-based Organization providing services to minors.

Part I. Service Needs, Priorities & Strategy

(Government Code Section 30061(b)(4)(A))

A. Assessment of Existing Services

Include here an assessment of existing law enforcement, probation, education, mental health, health, social services, drug and alcohol, and youth services resources that specifically target at-risk juveniles, juvenile offenders, and their families.

Law enforcement- Sierra County is served by a small (12 sworn) sheriff's office. The sheriff's office covers all aspects of law enforcement including the investigation of juvenile delinquency, crimes against children and participates in the county's SARB.

Probation- Sierra County is served by a probation department that currently consists of three (3) sworn staff which includes the chief probation officer and two (2) deputies. Both the chief and deputies respond to juvenile delinquency and truancy matters. There is always an on-call officer to respond during any non-business hours. Probation regularly attends county SARB meetings and is involved in several interactive programs with the schools and the county JJC.

Education- Sierra County is served by an elementary school, a combined middle and high school, and a combined K-12 school. There is an additional opportunity at the Sierra Pass Continuation School and adult education.

Mental Health- Sierra County is served by a small mental health department of which juveniles and adults can access services both in and outside of the justice system. Services range from peer counseling (onsite service in schools), traditional counseling services, psychological services, and medication management.

Health/ Social Services- Sierra County is served by two (2) private health clinics and a county health department that offers medical and dental checkup services to youth.

Drug and Alcohol-Sierra County is served by a county AOD department which provides services to juveniles and adults who are in and out of the justice system. There are no in county inpatient programs or private outpatient providers.

Other- Sierra County is served by a county AOD/ tobacco prevention program, Friday Night Live program, several private youth afterschool/recreational programs, and a family resource center. County behavioral health also has a wellness center that is available to youth and in school peer support.

Describe what approach will be used to facilitate collaboration among the organizations listed above and support the integration of services.

Sierra County is a small rural community where there is no issue in communication among departments and resources.

B. Identifying and Prioritizing Focus Areas

Identify and prioritize the neighborhoods, schools, and other areas of the county that face the most significant public safety risk from juvenile crime.

Being a small rural community with several scattered populated areas there is no real "target" area that attracts a concentration of juvenile crime more than any other. The community of Loyalton and the surrounding areas typically see the brunt of juvenile delinquency and truancy due to the larger community being the bulk of the county youth population. Consequently, Loyalton Jr./Sr. High has been identified as a high service needs area.

C. Juvenile Justice Action Strategy

Describe your county's juvenile justice action strategy. Include an explanation of your county's continuum of responses to juvenile crime and delinquency as well as a description of the approach used to ensure a collaborative and integrated approach for implementing a system of swift, certain, and graduated responses for at-risk youth and juvenile offenders.

Sierra County utilizes a strategy to address justice involved youth that focuses on preventing and deterring youth from needing to be placed in detention. Detention is only utilized when necessary and when other non-restrictive measures are not appropriate at the time. Sierra County focuses on providing and coordinating proper resources to youth and families to better their prosocial interactions with one another and the community.

Consequently, there is a system of graduated responses that begin with the least restrictive measures, often when circumstances warrant intervention first, and increase when appropriate. If a youth has the necessity to begin in a more restrictive environment, resources are pooled to help assure that the youth can be supported in a less restrictive setting. Within the Sierra County justice system there is a priority to transition youth out of the formal system as soon as stability has been restored for the youth and/or family and the youth has demonstrated the ability to remain free of significant violation of law and/or remain within the control of the guardian(s).

D. Comprehensive Plan Revisions

Describe how your Plan has been updated for this year.

Per SB 823 the Sierra County JJCC has developed an initial Juvenile Justice Realignment Block Grant (JJRBG) plan for the targeted population that will utilize local resources when they can be utilized and is

continuing to develop other robust out of county resources through a consortium of services. Although the JRBG plan focuses on a different subset of offenders, the development of this plan has enabled Sierra County to identify and develop additional out of county resources and further the collaboration between counties to provide a network of efficient and effective specialized services for youthful offenders.

Also, probation has continued to build a relationship with the Sierra County Juvenile Justice Commission (JJC) and are still in the stages of developing a new Juvenile Delinquency Prevention Commission (JDPC) and will likely be allocating resources to that group for prevention and intervention services this year. That may include a peer youth council partnership with local schools that is being worked on in collaboration with the Courts and other justice partners.

If your Plan has not been updated this year, explain why no changes to your plan are necessary.

Part II. Juvenile Justice Crime Prevention Act (JJCPA)

(Government Code Section 30061(b)(4))

A. Information Sharing and Data

Describe your information systems and their ability to facilitate the sharing of data across agencies within your county. Describe the data obtained through these systems and how those data are used to measure the success of juvenile justice programs and strategies.

Sierra County does not have a dedicated shared information system. The sharing of data and other relevant information is done person to person and is effective.

B. Juvenile Justice Coordinating Councils

Does your county have a fully constituted Juvenile Justice Council (JJCC) as prescribed by Welfare & institutions Code 749.22?

No

If no, please list the current vacancies that exist on your JJCC, when those vacancies occurred, and your plan for filling them.

Sierra County has one (1) vacancy for a representative from a non-profit community-based organization providing services to minors. Notice was published by the Board of Supervisor's on October 19, 2021.

C. Funded Programs, Strategies and/or System Enhancements

Describe each program, strategy and/or system enhancement that will be supported with funding from JJCPA, identifying anything that is co-funded with Youthful Offender Block (YOBG) funding. At the end of each program description press the "Add Funded Programs" button to include additional programs. If you wish to remove a program, please use the "Remove Funded Programs" button.

Part III. Youthful Offender Block Grant (YOBG)

(Welfare & Institutions Code Section 1961(a))

A. Strategy for Non-707(b) Offenders

Describe your county's overall strategy for dealing with non-707(b) youthful offenders who are not eligible for commitment to the Division of Juvenile Justice. Explain how this Plan relates to or supports that strategy.

Sierra County does not have its own juvenile detention facility. Two (2) new contracts were developed with Placer County and Butte County to house these juveniles. These facilities have been utilized when appropriate and will continue to be utilized for youth requiring detention. Sierra's overall strategy is to keep youth out of the juvenile hall unless necessary, utilizing the least restrictive placements. Sierra County also incorporates a plan to provide appropriate services to youth and to families to prevent detention and to better the ability of the family unit to maintain positive prosocial functionality amongst themselves and the community.

B. Regional Agreements

Describe any regional agreements or arrangements to be supported with YOBG funds.

N/A

C. Funded Programs, Placements, Services, Strategies and/or System Enhancements

Describe the programs, placements, services, strategies, and system enhancements to be funded through the YOBG program. Explain how they complement or coordinate with the programs, strategies, and system enhancements to be funded through the JJCPA program.

Please see attachment "B"

Attachment "A"

JJCPA Funded Program(s), Strategy and/or System Enhancement

Below are the JJCPA funded programs:

Program Name: Incapacitation

Evidence Upon Which It is Based: Incapacitation, when used appropriately is a proven tool to prevent and deter criminality. Description: Sierra County allocates \$4,500 annually to fund juvenile hall detention.

Program Name: Friday Night Live Program

Evidence Upon Which It is Based: Friday Night Live (FNL) is a renowned national program that focuses on providing and teaching health prosocial lifestyles to prevent and to intervene in negative antisocial behaviors including truancy, substance abuse and delinquency.

Description: Sierra County allocates \$3,000 annually to enable the FNL program to serve youth with prevention and intervention services in the county.

Program Name: Deputy Probation Officer salary and benefits

Evidence Upon Which It is Based: A probation officer to manage the juvenile case load is a vital tool in serving the juvenile justice involved population. This position provides supervision and provides and coordinates intervention and prevention services.

Description: \$10,000 of funds are allocated annually in a shared cost with YOBG to fund our only juvenile probation officer. Without these funds the department would likely not have a position to adequately address the needs of the juvenile population.

Attachment "B"

YOBG Funded Program(s), Placement, Service, Strategy and/or System Enhancement

Below are the YOBG funded programs:

Program Name: Deputy Probation Officer salary and benefits.

Evidence Upon Which It is Based: This is a shared cost with JJCPA. Description: \$117,000 of YOBG funds are allocated annually to fund our only juvenile probation officer. Without these funds the department would likely not have a position to adequately address the needs of the juvenile population.

Approval of Plan

As evidenced above, the Sierra County Juvenile Justice Coordinating Council will continue to allocate JJCPA and YOBG funding to provide and expand upon the essential programs and services to the targeted youth.
