PRELIMINARY ENVIRONMENTAL QUESTIONNAIRE

1. General Information

Name of Landowner _____ Phone _____

Address _____

Name of Applicant _____ Phone _____

Address _____

Assessor's Parcel(s) _____

Project Location _____

Current Land Use _____

Acreage _____ Present Zoning _____

Approval needed from County:

Zone Change

Parcel Map

Use Permit

Variance

Subdivision Map

Building Permit

Other _____

2. Project Description

Describe the project in detail (Use additional sheets if necessary)

Is the project residential, agricultural, recreational or industrial?

What is the number of units proposed?

Describe any buildings proposed:

3. Geology and Soils

Describe the geologic character of the project area (earthquake faults, steep slopes, etc.)

Describe the nature of the soils on the site (rocky, sandy, deep, shallow, etc.)

Describe in detail any soil disturbances, such as excavations, fills or cuts, which will take place during the project:

Will there be any blasting during the construction?

4. Water Supply and Quality

Describe the source of the water supply?

Will water be used for:

Domestic uses _____ Amount _____

Agricultural uses _____ Amount _____

Industrial uses _____ Amount _____

Describe any proposed water diversion or impoundments:

What is the distance to the nearest stream, river or lake?

Are measures being contemplated to reduce erosion and siltation (such as reseeding areas, installing silt traps, etc.)?

Identify the method which will be used for sewage disposal:

List all industrial waste water, if any, and proposed method of treatment:

Will groundwater be utilized as part of the water supply? _____

Are there any wet meadows or marshy areas located on the property?

5. Wildlife and Vegetation

Identify the natural vegetative cover on the site (pine trees, sagebrush, grass types, etc.):

Describe wildlife species that frequent the project site: _____

Will the project displace any rare or endangered species (plants/animals)?

6. Air and Noise Quality

What types of air pollution (dust, smoke, exhaust, etc.) would be created by the implementation of this project?

What types of noise would be created by this project, both during and after construction?

7. History and Archaeology

Is the project site located in an area of known historic or archaeological value?

Are there buildings located on or adjacent to the site which are of historical significance?

8. Aesthetics

Is the project site visible from any public road or highway?

Could the project disrupt the view of neighbors on adjacent parcels?

9. Public and Emergency Services

Identify those entities which serve the project with gas, electricity, telephone, water, etc.

Identify the fire protection district in which the project is located:

Identify the nearest source of water for fire protection purposes, and the distance to the nearest fire station:

What is the distance to the nearest hospital or other medical facility?

Identify the high school and elementary school district in which the project is located:

Where and how will solid waste generated by the project be disposed?

10. Traffic and Circulation

Identify primary access routes to the project site:

Will the project generate increased traffic and, if so, of what nature and amount(s)?

Will snow removal or other public services be required?

11. Social and Economic Impacts

How many new residents and/or employees will the project generate? (adult, children, etc.)

Are there any known economic resources, such as timber, sand and gravel, or mineral deposits on the project site? If yes, please describe.

Will the proposed project displace any currently producing agricultural lands? If so, please describe.

Could the project generate any adverse public reaction or controversy?

Please enclose a plot plan which details the project location relative to lot lines, roads, streams, lakes and other natural features. In addition, show the proposed location of any buildings, septic tanks and leach fields, roads, driveways and any other proposed improvements or alterations to the property.

NOTE: Applicant may be required to document answers with factual data.

CERTIFICATION:

I certify that the foregoing answers are true and correct to the best of my knowledge and belief, and I understand that subsequent action to rescind any permit based upon this questionnaire may be possible if evidence is uncovered to the contrary.

Signature of Applicant
