6. **Review/Discussion/Action** to approve the JJRBG Annual Plan for Fiscal Year 2025/2026, describing the facilities, programs, placement, services, supervision and reentry strategies that are needed to provide appropriate rehabilitative services for realigned youth as developed.

Chief Henson informs the team that there will be no action to approve the JJRBG Annual Plan because of legislation that forces us to have at least two meetings to approve the plan and allow ample time for public comment. Our first plan was submitted in May of 2021. Current law requires us to review and update the plan on an annual basis. The updated plans are submitted to the newly formed Office of Youth Community Restoration (OYCR) due to WIC 1995. The annual plans are posted on the OYCR website. In Sierra County, we take the annual plan before the Board of Supervisors which is not required but best practice to show transparency to the public.

Chief Henson states that the plan was developed using input from the team members. The target population is those that were in the division of DJJ (prior to their closure) or youth state prisons and this realignment brought it back to the counties. We are given a total of \$250,000.00 a year as a minimum county. There are very tight expenditure regulations on that funding, and it must be used on youth that are under the section (b) of 707 or 290.008 PC. These are very violent youth offenders or certain sex offenses for juveniles. Sierra County has not had many of those youth. When we do, we will have to house them in a Secure Track treatment facility, tentatively with Shasta County. The daily rate is \$600-800 and these youth could be in our custody until the age 21, 23, or 25 depending on the type of offense. Sheriff Fisher asks if the money received annually is accumulative. Chief Henson states that the money goes into the account and is held until it is needed. The current balance is about 1,250,000.00. The hope is that there will be a way to loosen the regulation so some of these funds to be used as preventative measures.

Chief Henson further explains that we contract with two outside counties, Butte and Placer, since Sierra County does not have its own juvenile hall. Last Fiscal Year we were able to keep youth out of the hall, but we have a youth that recently left placement and is about to have a warrant. Sharon asks if we currently have a contract with Shasta for the Secure Track, Chief Henson explains that he does not want to waste funding on an MOU with Shasta until it is needed. Any contract that is brought forward will take into consideration the location for parents to be able to visit. Sheriff Fisher adds that if we had a 707(b) or 290.008 youth, they would be sent to Placer Juvenile Hall until a disposition is complete on the case and then moved to a Secure Track facility. Our Butte County contract is for the older youth because it is a little more specialized. They have academic and vocational classes offered by the college to help youth prepare for release.

Chief Henson lays out what our funding can do, and our intention is to enter a contract later. This will allow us to hold onto the funds for specialized mental health needs, intense drug and alcohol needs, or arson and sex offender classes for the youth. We could also have a pregnant female youth that could be in the facility long term. At the time of the need, we will shop around and find the location that best fits the needs of the youth.

The Community Based Organization (CBO) section of the plan includes the High Sierras Family Resource Center which has been a long-term partner. We are always looking for other community partners. Family engagement programs are with Social Services and Behavioral Health. Reentry plan and specialized services with the wrap around model and collaborating with each other.

In summary, since the plan went into effect in 2021, we have not had any eligible youth, so we have no statistics to report. We have not allocated any funds since we need to keep the funds flexible and address the needs as they come.

No data or progress because once again we have not had any eligible youth. Sharon inquired about how many wards the probation department is supervising. Chief Henson explained that we have two active wards and three informal. Over the past three months we have had about half a dozen reprimand and dismisses.

Chuck makes motion to make the next JJRBG meeting on April 15, 2025. The motion was seconded by Mike Fisher. Discussion on the time, consensus is 3:30pm. All ayes, motion carried.

7. Discussion/Action/Review of programs directed to youth that “have been demonstrated to be effective in reducing delinquency and addressing juvenile crime for any elements of response to juvenile crime and delinquency, including prevention, intervention, suppression, and incapacitation (30061(b)(4)(i)GC).

See discussion under item 8.

8. Discussion/Approval of 2025/2026 JJCC Annual Plan and Budget.

Chief Henson explains that the Youth Offender Block Grant (YOBG) and Juvenile Justice Crime Prevention Act (JJCPA) funding streams are the statutory requirements. There are other juvenile justice funding streams that are included in the plan to give full transparency to the team and the public. The JJCPA allows

\$4500.00 for the juvenile hall. Friday Night Live (FNL) run by Derrick Koch is a very effective program and his survey findings have been proven effective year after year. We will continue to fund this \$4500.00 program. An email was sent to the Auditor Van Maddox regarding the resignation of our juvenile officer and the YOBG funding that usually covered the salary for that position. Other existing staff will be pulled over to fill the void. Officer Duncan, who has been doing our Pre Trial work has shown an interest in the Juvenile side. Since pretrial work is paid 100% by the court, only 25% of the YOBG funds (\$30,533.00) will go toward salary and the remaining \$91,000.00 will be held in reserve for recruitment or retention. Or we may be able to hire a new Juvenile Officer.

Scott made a motion to approve the 2025/2026 JJCC Annual Plan and Budget. The motion was seconded by J Lon Cooper. No further discussion. All ayes, motion carried.

- 9. Adjourn:** The meeting was adjourned at 4:08 p.m.

On or before October 1, 2025, each county is required to submit to the Office of Youth and Community Restoration (OYCR) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at [Government Code \(GC\) Section 30061\(b\)\(4\)\(C\)](#) and for YOBG it can be found at [Welfare & Institutions Code Section \(WIC\) 1961\(c\)](#). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

This template should be used to ensure your submission meets the accessibility standards published by the U.S. Department of Health and Human Services. Plans must meet these standards for posting to the OYCR website. The standards are outlined here, [Accessibility Conformance Checklists | HHS.gov](#).

Your submission will be posted to the OYCR website once it is confirmed to meet the accessibility standards. We encourage you to review your report for accuracy before sending it to the OYCR. Please review your submission for spelling and do NOT change the report form to a PDF document prior to submission.

Prior to submitting this report save the file using the following naming convention: "(County Name) 2025 JJCPA-YOBG Report." For example, Sacramento County would name its file "Sacramento 2025 JJCPA-YOBG Report".

Analysis of Countywide Trend Data

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOBG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report. Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3):

Funding from JJCPA and YOBG has directly supported the well-known, utilized and respected Friday Night Live (FNL) program at Loyalton High, Loyalton Junior High and Downieville Schools. This is a crucial afterschool program to the communities within Sierra County that provide an outlet for youth and emphasizes prosocial activities without drugs and/or alcohol. During the fiscal year, funding also supported our sole Deputy Probation Officer position which has worked on prevention, connecting to services, and supervision for youth under the department's jurisdiction. A relatively small portion of the budgeted funding for the juvenile hall contracts was utilized as a last resort detention of an existing 602 WIC minor. The department was able to keep most youth out of detention.

Accounting of JJCPA-YOBG Expenditures

Use the template(s) below to report the programs, placements, services, strategies, and/or system enhancements you funded in the preceding fiscal year. Use a separate template for each program, placement, service, strategy, or system enhancement that was supported with JJCPA and/or YOBG funds. If you need more templates than provided, please use the Instructions for Additional Usage of Funds section at the end for copy and pasting more tables.

1. Start by indicating the name of the first program, placement, service, strategy, or system enhancement that was funded with JJCPA and/or YOBG funds last year.

3. For each program, placement, service, strategy, or system enhancement, record actual expenditure details for the preceding fiscal year. Expenditures will be categorized as coming from one or more of three funding sources:
 1. JJCPA funds
 2. YOBG funds
 3. Other funding sources (local, federal, other state, private, etc.)

Be sure to report all JJCPA and YOBG expenditures for the preceding fiscal year irrespective of the fiscal year during which the funds were allocated. Definitions of the budget line items are:

- **Salaries and Benefits** includes all expenditures related to paying the salaries and benefits of county probation (or other county department) employees who were directly involved in grant-related activities.
 - **Services and Supplies** includes expenditures for services and supplies necessary for the operation of the project (e.g., lease payments for vehicles and/or office space, office supplies) and/or services provided to participants and/or family members as part of the project's design (e.g., basic necessities such as food, clothing, transportation, and shelter/housing; and related costs).
 - **Professional Services** includes all services provided by individuals and agencies with whom the County contracts. The county is responsible for reimbursing every contracted individual/agency.
 - **Community-Based Organizations (CBO)** includes all expenditures for services received from CBO's. NOTE: If you use JJCPA and/or YOBG funds to contract with a CBO, report that expenditure on this line item rather than on the Professional Services line item.
 - **Fixed Assets/Equipment** includes items such as vehicles and equipment needed to implement and/or operate the program, placement, service, etc. (e.g., computer and other office equipment including furniture).
 - **Administrative Overhead** includes all costs associated with administration of the program, placement, service, strategy, and/or system enhancement being supported by JJCPA and/or YOBG funds.
4. Use the space below the budget detail to provide a narrative description for each program, placement, service, strategy, and/or system enhancement that was funded last year.

Repeat this process as many times as needed to fully account for all programs, placements, services, strategies, and systems enhancements that were funded with JJCPA and/or YOBG during the last fiscal year. Keep in mind that this full report will be posted on the OYCR website in accordance with state law.
