## PRESS RELEASE

As of January 27, 2021, Sierra County Public Health (SCPH) has vaccinated more than four hundred residents and continues weekly vaccination clinics on the west and east side of the county.

Scheduling is currently based on the amount of vaccine SCPH receives and is prioritized by Tier requirements and the number of second doses required. If there is vaccine remaining, residents who qualify to receive their first dose will be scheduled and contacted for an inoculation appointment.

SCPH is currently vaccinating individuals who are 75 years of age or older. We will be vaccinating individuals who are 65 or older soon. Over one hundred residents were vaccinated this week and we expect about the same number to be vaccinated next week. On the west side, all residents age 75+ who were on the list have been inoculated.

If you are not on the list but would like to be, SCPH would like to invite you to accept the vaccine and be added to our list. Getting on the list is easy and you have several options.
